Summary

For more than three years now, Mr. Moll has been realizing projects focused on front-end development, UI and UX experience. He pays particular attention to the simple operation of the programs and an easy-to-understand interface with an appealing design. His high level of commitment and professionalism make him a perfect team player.

Experience

xapling GmbH	**November 2021 - today**

Software-Engineer UI/UX
🔗 https://xapling.de/

Since starting my work at xapling GmbH I have worked on multiple projects with a variety of international clients. I have assisted in developing anf maintaining a Angular component-library, developed a CRUD-sytem to manage employees and worked on developing software to uphold the BiPRO-standards for a insurance-company

Dr. Auffenberg & Partner GbR	**November 2020 - October 2021**

Post administration
🔗 https://www.rechtsanwalt-auffenberg.de/Kanzlei

While working for the Dr. Auffenberg chancellery I was tasked with managing incoming & outgoing mail and letters, inspecting and organizing documents and assisting in translations for English-speaking clients
